Kids show off their smiles

The Stamford Dental Society and the Stamford Public Schools' Hygiene Department sponsored a "Send Us Your Smile" contest and a "Sugar-Free Day" for Stamford students in kindergarten through fifth grade.

All contestants sent in photographs of themselves smiling and a one sentence statement of why their teeth are important.

Awards were given to 39 students, selected from over 200 entries, on Feb. 8 at the Stamford Government Center.

Local dentists Peter Dantini Jr. and Frank Tabacchini coordinated and judged the contest.

Children also received recognition for not eating any food that contains sugar for the entire school day on Feb. 1.
